

Toxicology Facilities at WuXi AppTec – St. Paul (MN)

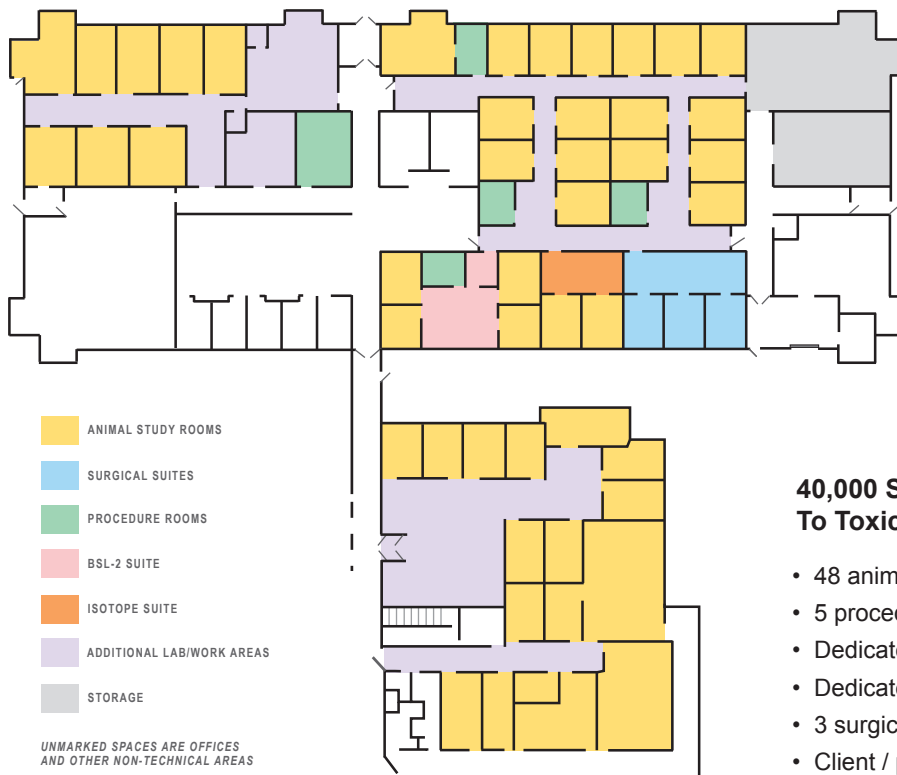

Building on our many years of experience providing quality testing services to the biopharmaceutical/pharmaceutical and medical device industries, WuXi AppTec is growing and enhancing its toxicology services. With WuXi AppTec's depth of expertise and its expanded facilities – including on-site clinical pathology, on-site histopathology, and on-site QA – clients are assured that they will receive the highest level of service for their toxicology studies.

WuXi AppTec's St. Paul staff has extensive experience in designing, developing and conducting testing programs. Dedicated staffing for toxicology studies includes 4 D.V.M./board certified pathologists, 1 lab animal D.V.M., 6 histologists, 17 study directors, 26 technicians and 12 animal care specialists.

WuXi AppTec is a global leader in providing discovery, testing and manufacturing services for the pharmaceutical, biotechnology and medical device industries. Research-driven and customer-focused, with operations in China and the U.S., WuXi AppTec offers a broad and integrated portfolio of services designed to assist our customers with cost-effective and efficient outsourcing solutions.
