

# Chemistry Service Unit

WuXi AppTec's Chemistry Services Unit is led by a strong and experienced scientific leadership team staffed with over 1,500 synthetic and analytical/purification chemists. Services by CSU range from custom synthesis of client directed molecules and libraries to WuXi designed templates. Our focus on technology and continued innovation allows us to offer specialized services in natural products, peptides, nucleoside and fluorine chemistry all led by experts of the respective fields.

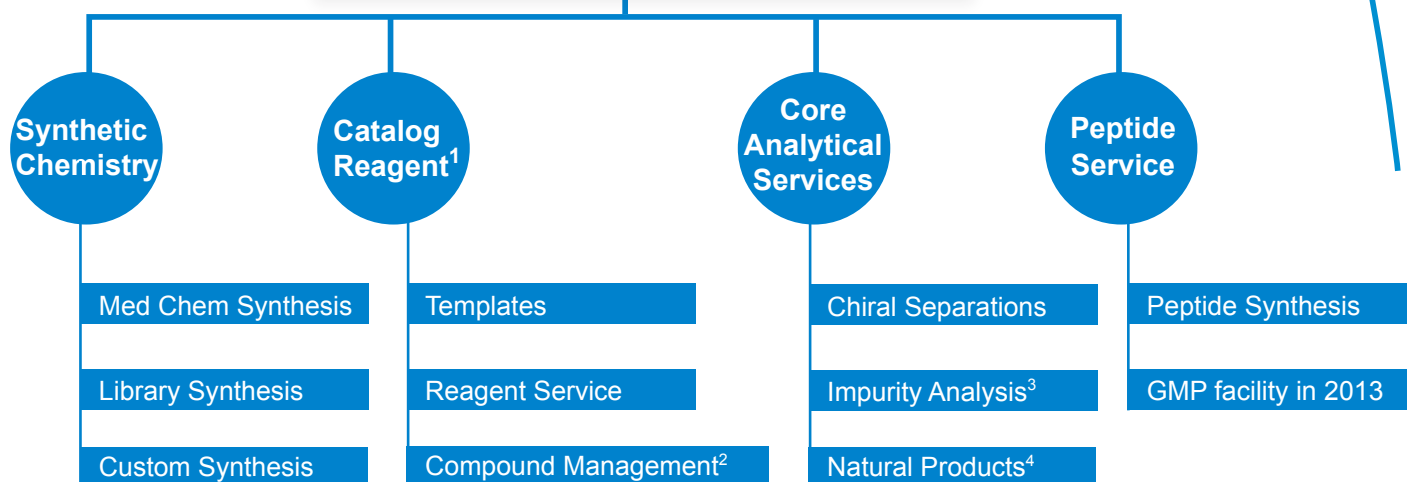

WuXi AppTec is a global leader in providing discovery, testing and manufacturing services for the pharmaceutical, biotechnology and medical device industries. Research-driven and customer-focused, with operations in China and the U.S., WuXi AppTec offers a broad and integrated portfolio of services designed to assist our customers with cost-effective and efficient outsourcing solutions.

Synthetic expertise + problem solving + consistent productivity = time & cost savings

## Chemistry Service Unit

1. WuXi designed templates/template libraries; reagents sourcing from China market
2. Compound collection management including storage, registration, distribution, etc.
3. Impurity isolation, identification, and structure assignment/confirmation
4. Natural product extract or purified natural product sourcing, purifications, QA/QC, structure elucidation

Route / Distance - Miles		▶ Travel Time - Hours (h) Minutes (m)	
<b>Shanghai to Wuhan / 520</b>		<b>Shanghai to Tianjin / 745</b>	
Air	1h 45m	Air	2h 15 m
Rail	5h 50m	Rail	4h 40m
Car	10h 15m	Car	13h 30m
		<b>Wuhan to Tianjin / 720</b>	
		Air	1h 40m
		Rail	13h 45m
		Car	13h

## Quality of Service

Well-established and consistently enforced productivity measures

Streamlined process from project management, synthesis, analytical/purification, to final delivery to shorten cycle time

## Continued Improvement

Constantly seek ways to enhance chemistry problem solving skills

Continue to invest in new capabilities: biologics, clinical development, peptide, catalog reagents, etc.

## Operational Excellence

Strong operations teams from material sourcing, compound management, IT, to import/export

Strong record of environmental, health, and safety and IP protection

## Employee Development

Systematic training programs at corporate, unit, and individual level

On the job PhD program for top scientists with top professors in China
